## MANAGEMENT DISCUSSION AND ANALYSIS

The Board (the “Board”) of directors (the “Directors”) of Yield Go Holdings Ltd. (the “Company”) is pleased to present the interim financial report of the Company and its subsidiaries (collectively, the “Group”) for the six months ended 30 September 2022, together with the comparative figures for the corresponding six months ended 30 September 2021.

### INDUSTRY REVIEW

Though the caseload and severity of the novel coronavirus (“COVID-19”) pandemic are becoming less worrisome, global economic activity is experiencing a broad-based slowdown, according to International Monetary Fund’s October issue. With the lingering COVID-19 pandemic adding to the already-high pressure of inflation, the war in Ukraine shatters the much-needed stability and disrupts nearly every stage of supply chains, weighing heavily on the process of global recovery.

Recording a 2.5% GDP growth during the first half of 2022, following years of relative stability under stringent COVID-19 control, China has been presenting outstanding economic performances from a global point of view, according to the National Development and Reform Commission. However, the data is falling short of the country’s pre-pandemic levels, showing the disruptions from the waves of COVID-19 outbreaks.

In Hong Kong, business communities welcome the easing of COVID-19-related restrictions, awaiting a more dynamic market, yet the economic benefits of the recent policy shift have not been shown yet. The city’s GDP contraction is yet to be reversed, despite some mild improvements in the quarterly data. With local COVID-19-related restrictions in place throughout most of the year, the construction industry remained one of the most challenged. In addition, pressing on the already weakened fitting-out service market is the hike in energy prices and logistic disruption across the borders.

## BUSINESS REVIEW AND OUTLOOK

The Group is an established fitting-out contractor in Hong Kong with decades of experience since the establishment of one of its principal operating subsidiaries, Hoi Sing Decoration Engineering Company Limited (“Hoi Sing Decoration”), in 1995. The Group’s fitting-out services cover both (i) fitting-out works conducted on new buildings; and (ii) interior renovation works on existing buildings that involve upgrades, makeovers and demolition of existing works. Hoi Sing Decoration and Milieu Wooden Company Limited (“Milieu”), an indirect wholly-owned subsidiary of the Company, are registered under the voluntary Subcontractor Registration Scheme of the Construction Industry Council. Their services are mainly offered to residential and commercial properties in Hong Kong on a project basis.

The Group’s sources of revenue are categorised as residential and non-residential fitting-out services. During the six months ended 30 September 2022, the Group’s revenue decreased by approximately 7.9% to approximately HK\$97.3 million, compared with HK\$105.7 million for the six months ended 30 September 2021. The decrease was primarily attributable to a decrease in the number of sizeable projects available within the market. With sufficient cost control measures, the Group’s gross profit increased by approximately 34.7% despite the drop in revenue.

Following a turnaround in gross profit during the first half of 2021, the Company continued to optimise its operation management alongside cost control improvement. Despite a lack of sizable projects available in the market causing a drop in the Company’s revenue, its significant gross profit growth proves the efficiency of the Company’s business strategies and adaptation to the new norms during the COVID-19 pandemic.

The prolonged COVID-19 pandemic causes some lasting changes to the overall economy while Russia’s war against Ukraine creates far-reaching impacts on energy prices and world policies. The outlook of Hong Kong and the world may still take many turns, leading to a new era of uncertainties. On the bright side, the recently released Policy Address by HKSAR Government reassured some confidence in the city’s construction and housing market by continuing to place priority on providing housing units, both public and private, meaning the fitting-out market could eventually bounce back given some time to recover from the past years’ chaotic conditions. Having restructured and learned from the adverse environment in the past years, the Group had gained much more resilience against a challenging market and grew to be more confident in grasping future opportunities when market conditions improve.

## FINANCIAL REVIEW

### REVENUE

During the six months ended 30 September 2022, the Group's revenue decreased by approximately HK\$8.4 million or 7.9% to approximately HK\$97.3 million (six months ended 30 September 2021: approximately HK\$105.7 million). Such decrease in revenue was primarily due to the decrease in number of sizeable projects available within the market during the six months ended 30 September 2022.

### GROSS PROFIT AND GROSS PROFIT MARGIN

During the six months ended 30 September 2022, the Group's gross profit increased by approximately HK\$1.7 million or 34.7% to approximately HK\$6.6 million (six months ended 30 September 2021: approximately HK\$4.9 million). During the six months ended 30 September 2022, the Group's gross profit margin was approximately 6.8% (six months ended 30 September 2021: approximately 4.6%). Such increase in gross profit was primarily attributable to the improvement in the overall construction costs control under the current fierce industry competition during the period.

### OTHER GAINS

The Group recorded foreign exchange gains and sundry income of nil (six months ended 30 September 2021: approximately HK\$8,000 and HK\$1,000 respectively) during the six months ended 30 September 2022.

### ADMINISTRATIVE AND OTHER OPERATING EXPENSES

The Group incurred administrative and other operating expenses of approximately HK\$8.7 million for the six months ended 30 September 2022 compared to approximately HK\$5.4 million for the corresponding period in 2021, representing a 61.1% increase. This was mainly due to the increase in legal and professional fees incurred during the six months ended 30 September 2022.

### FINANCE COSTS

During the six months ended 30 September 2022, the Group's finance costs increased by approximately HK\$1.9 million or 271.4% compared to the six months ended 30 September 2021, from approximately HK\$0.7 million to approximately HK\$2.6 million. The increase was primarily due to the increase in interest rate of the new borrowings during the six months ended 30 September 2022.

## NET LOSS

For the six months ended 30 September 2022, the Group recorded net loss of approximately HK\$4.7 million, representing a increase of 261.5% compared to approximately HK\$1.3 million for the corresponding period in 2021. Such increase was mainly due to the additional administrative expense and finance costs incurred as discussed above.

## LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

There has been no change in capital structure of the Company during the six months ended 30 September 2022. The capital of the Company comprises only ordinary shares.

As at 30 September 2022, the Company's issued capital was HK\$4.8 million and the number of issued ordinary shares of the Company (the "Shares") was 480,000,000 Shares of HK\$0.01 each.

As at 30 September 2022, the Group had total cash and cash equivalents and restricted cash of approximately HK\$23.1 million (31 March 2022: approximately HK\$20.7 million). The increase was due to the aggregate net cash generated from operating and financing activities of approximately HK\$2.4 million.

The Group's gearing ratio, calculated as total interest-bearing liabilities and amount due to a director divided by the total equity, increased from approximately 34.7% as at 31 March 2022 to approximately 39.8% as at 30 September 2022. The increase was primarily due to increase in borrowings during the six months ended 30 September 2022.

## TREASURY POLICY

The Group has adopted a prudent financial management approach towards its treasury policy. The Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities, and other commitments can meet its funding requirements all the time.

## PLEDGE OF ASSETS

As at the date of this report, the Group did not have any pledge of assets.

## FOREIGN EXCHANGE EXPOSURE

As the Group only operates in Hong Kong and all of the revenue and transactions arising from its operations were settled in Hong Kong dollar, the Directors are of the view that the Group's foreign exchange rate risks are insignificant. Thus, the Group has not entered into any derivative contracts to hedge against the foreign exchange rate risk for the six months ended 30 September 2022.

## CAPITAL COMMITMENTS AND CONTINGENT LIABILITIES

Capital expenditure contracted for at the end of the period/year but not yet incurred is as follow:

	As at 30 September 2022 HK\$'000	As at 31 March 2022 HK\$'000
Property, plant and equipment	92	92

On 11 March 2022, the Company's indirect wholly-owned subsidiary, Hoi Sing Decoration, received a letter of demand from a sub-contractor for outstanding payments in respect of construction work and subsequent to 31 March 2022, a writ of summons was issued by the sub-contractor against Hoi Sing Decoration for a sum of approximately HK\$44.0 million. Hoi Sing Decoration issued a writ of summons against the sub-contractor to claim approximately HK\$8.0 million for overpayment of construction work. Up to the date of this report, such legal proceedings are still in process. Based on the information available and advice from the Company's legal counsel, the Board considered that the outcome for the above claims is uncertain. Accordingly, no provision has been made to the condensed consolidated interim financial statements.

Save as disclosed above, the Group had no material contingent liabilities as at 30 September 2022 (31 March 2022: nil).

## **SIGNIFICANT INVESTMENT, MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES AND ASSOCIATED COMPANIES**

During the six months ended 30 September 2022, the Group did not have any significant investment held, any material acquisitions or disposals of subsidiaries or associated companies.

## **FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS**

The Group did not have future plans for material investments or capital assets during the six months ended 30 September 2022.

## **CHANGE OF CONTROLLING SHAREHOLDERS**

As disclosed in the joint announcement dated 11 May 2022 and the composite offer and response document dated 22 June 2022 jointly issued by the Company and Master Success International Investment Limited (the “Offeror”), on 29 April 2022, Hoi Lang Holdings Ltd. as vendor (the “Vendor”), Mr. Man Hoi Yuen, our executive Director as Vendor’s guarantor, the Offeror as purchaser and Mr. Lin Zheng, our executive Director and Mr. Chen Yidong, our non-executive Director as Offeror’s guarantors entered into the sale and purchase agreement (the “Sale and Purchase Agreement”), pursuant to which the Offeror agreed to acquire and the Vendor agreed to sell an aggregate of 360,000,000 Shares (the “Sale Shares”), representing 75% of the entire issued share capital of the Company at that time, for a total consideration of HK\$247,500,000, equivalent to HK\$0.6875 per Sale Share.

Immediately upon completion of the Sale and Purchase Agreement, the Offeror and the parties acting in concert with it were interested in 75% of the entire issued share capital of the Company. Pursuant to the Hong Kong Code on Takeovers and Mergers, Head & Shoulders Securities Limited, on behalf of the Offeror, made an unconditional mandatory cash offer to acquire all the issued Shares (other than those already owned and/or agreed to be acquired by the Offeror and parties acting in concert with it) at HK\$0.7212 per Share (the “Offer”).

Pursuant to the announcement dated 13 July 2022 jointly issued by the Company and the Offeror, immediately after the close of the Offer, on 13 July 2022, the Offeror and the parties acting in concert with it were interested in an aggregate of 360,264,000 Shares, representing approximately 75.055% of the total issued share capital of the Company. Accordingly, the minimum public requirement of 25% as set out under Rule 8.08(1)(a) of the Listing Rules was not satisfied immediately after the close of the Offer. As disclosed in the announcement of the Company dated 20 July 2022, the Stock Exchange of Hong Kong Limited granted the Company a temporary waiver from strict compliance with Rule 8.08(1)(a) of the Listing Rules for a period from 13 July 2022 to 12 August 2022.

As disclosed in the announcement of the Company dated 1 August 2022, the Company was informed by the Offeror that the Offeror had disposed of 264,000 Shares, representing 0.055% of the total issued share capital of the Company (the “Disposal”). Immediately after the Disposal, 120,000,000 Shares, representing 25% of the total issued share capital of the Company, were held by the public (within the meaning of the Listing Rules). As such, the minimum public float requirement of 25% as set out under Rule 8.08(1)(a) of the Listing Rules has been fulfilled.

## EMPLOYEES AND REMUNERATION POLICY

We have reviewed the condensed consolidated interim financial statements of Yield Go Holdings Ltd. (the “Company”) and its subsidiaries (together, the “Group”) set out on pages 14 to 37 which comprise the condensed consolidated statement of financial position as at 30 September 2022 and the related condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the six-month period then ended, and other explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of condensed consolidated interim financial statements to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 “Interim Financial Reporting” (“HKAS 34”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). The directors of the Company are responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with HKAS 34.

Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

## SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the HKICPA. A review of these condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with HKAS 34.
